

Economic Impact of Downtown Kansas City, Missouri

Draft 3/27/2007

Financial Impact

- Downtown employees contributed \$ 24,547,530 to the City earnings tax, or 18% of the FY2006 net earnings tax (withholding).

- Downtown residents who do not work Downtown contribute an additional \$2 million in earnings taxes.
- Downtown residents who do not work in KCMO contributed an additional \$172,728 in earnings tax, or 2% of the FY2006 net earnings tax collections (wage earner).

- Downtown contributed **\$ 7,158,032** in Convention and Tourism Tax revenues in FY2006, accounting for **22%** of the City's net total. Revenues consisted of:
 - Hotel/Motel tax \$4,615,983
 - Restaurant tax \$2,542,048

- Revenues from Business License Taxes totaled **\$ 2,448,410**, or **13%** of the City's total in FY 2006.

- Sales tax generated in Downtown zip codes has averaged **\$33,092,317** since 2002, accounting for an average **25%** of the total sales tax in that time.

New Investment

- The unparalleled transformation of Downtown Kansas City eclipsed \$4 billion of investment in 2006.
- Several catalytic projects, securing Downtown Kansas City as a major regional destination, began to take shape and enter the market in 2006. The H&R Block world headquarters as well as the IRS regional service center are now complete. The Power & Light District, AMC's flagship Main Street Theatre, Sprint Center arena, and Convention Center ballroom are all under construction and will be completed in 2007.

A Business Center

- There are approximately 3,000 businesses Downtown, employing 100,000 people.
- Approximately 35% of Kansas City, MO employees and 10% of the MSA's employees work Downtown.

A Residential Neighborhood

- Downtown is now a rapidly growing residential neighborhood.
- Over 16,000 residents live Downtown.
- Since 2005, 630 affordable housing units have been completed or are currently under construction. This is a significant increase considering 182 affordable housing units were added from 2000-2004.
- Residential development continued to play a significant role in Downtown's renaissance in 2006. More multi-family residential units entered the Downtown housing market in 2006 than any other year. As of November, 4,528 units were in various stages of development throughout Downtown:
 - 891 units completed (as of 11/15/2006)
 - 988 units under construction
 - 2,649 units planned
- Between 2000 and 2006, the number of residential units Downtown increased 50 percent, a \$630 million investment Downtown.
